EDUCATION

Hunter College

Computer Science, B.A.

Relevant Coursework: Computer Architecture I, Software Analysis II, Calculus II

New York, NY

8/2017 - Present

SKILLS

Proficient in: C++, Python, HTML, CSS

Exposed to: Javascript, Django, Bootstrap, Flask, React, Ajax

TECHNICAL EXPERIENCE

Peloton

Software Engineer Intern

New York, NY

7/2019 - 8/2019

- This four week internship involved working in a group of six to create a web application that returned classes from our database that matched the song or artist a user would input
- A second component to this project was Spotify integration where users were able to connect to their Spotify account and as a result, the web app would return classes based on their top artists and songs
- Worked on the frontend by connecting the backend endpoints using React and Ajax and styled the components based on designs given to us with JSX and CSS

BlackRock

WiTNY Intern

New York, NY

1/2019 - 1/2019

- Three week internship involving meeting different departments at the company and learning about their day to day work life
- Conducted user and market research for a problem in the FinTech industry
- Used Adobe XD to create a visual prototype to a solution in a team of three

Haven Life

Software Engineer Intern

New York, NY

1/2018 - 1/2018

- This two-week winter internship through WiTNY focused on creating a UAT Status Health page for Haven Life to check server uptimes
- Focused on frontend design by incorporating HTML, CSS, and Javascript to develop a functional web page with a backend component to present server information for this health insurance company

OTHER EXPERIENCES

Dr. Luster's Dental Office

Front Desk Secretary

Brooklyn, NY

12/2016 - 12/2017

- Used Easy Dental, a dental practice management software, to manage patient accounts, appointments, and file insurance policies on their behalf
- Managed the office space while also learning how to successfully interact with clients

TECHNICAL INVOLVEMENT

2019 Hunter College iArtMix Show

2019 Credit Suisse Coding Challenge

New York, NY

Raleigh, NC
